

Underrepresented in Medicine Visiting Clerkship Program (UiMVCP)

The Underrepresented in Medicine Visiting Clerkship Program (UiMVCP) is co-sponsored by the Pritzker School of Medicine and the UChicago Medicine Office of Graduate Medical Education.

This competitive program provides mentoring, networking, and stipend support for fourth-year medical students who are underrepresented in medicine as defined by the AAMC or are interested in addressing health inequities and social determinants of health.

Program overview

- Stipend of up to \$2,000 to support costs associated with participation in the visiting rotation (participants receive their stipend after they complete the visiting rotation)
- Clerkship rotation at UChicago Medicine
- Opportunities to network with University of Chicago faculty, interns, residents, and students
- Welcome session with representatives from GME, Housestaff Diversity Committee, and Co-Directors of GME Diversity Equity & Inclusion

Eligibility Criteria

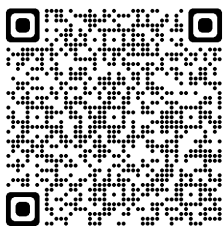

- Full-time, fourth-year medical students in good standing at LCME-accredited US medical schools.
- Fourth-year US medical students who are underrepresented in medicine, have demonstrated a commitment to working with underserved populations, OR have demonstrated a commitment to working with issues related to diversity, equity, inclusion, social determinants of health, and health inequities.

Application Process

1. Apply through VSLO for your clinical rotation(s) at UChicago Medicine
2. Download the UiMVCP application, complete, and upload as part of your application in VSLO to UiMVCP 99000—Underrepresented in Medicine Visiting Clerkship Program—this is in addition to your clerkship application(s).
3. Students can start applying through the Visiting Student Learning Opportunities (VSLO) system on April 1, 2023. Submissions prior to April 15, 2023 will be considered for a priority notification on May 1, 2023.

Questions about VSLO or the process should be directed to visiting.pritzker@bsd.uchicago.edu.
